

International Center for Studies and Training "Germana Gaslini"

Provider Nazionale Accreditato ECM n. 856
Certificazione ISO9001:2008

CISEF Director: Antonio Infante

AIMS

The rationale of this Workshop is to share current experience of the Registry of paediatric patients on renal replacement therapy (dialysis and renal transplantation) held by the European Society for Paediatric Nephrology (ESPN) in collaboration with the European Renal Association - European Dialysis and Transplantation Association (ERA-EDTA) and operating at the European level, with that of other registries and study groups which are currently active in the field of renal diseases, both in paediatric and in adult nephrology.

The Workshop will be organized in strict cooperation with the Working Group on Inherited Kidney Disorders of the ERA-EDTA and will include a CME Course on "Nephrology registries and genetic renal diseases".

The main issues which will be addressed during the Workshop are represented by:

- 1) Data from national and international registries and databases of patients affected by renal diseases: epidemiology, diagnosis, management and treatment.
- 2) Update on the diagnosis of genetic diseases involving the kidney and the urinary tract.

The goals of the Workshop are:

- 1) To increase the participants' knowledge on rare kidney diseases and their ability to take care of affected patients.
- 2) To facilitate the communication and the exchange of data and information between the existing registries in the field of renal diseases (with the ultimate goal of "merging" the different databases).

Scientific Committee of the Meeting

Giovanni Capasso (Napoli, Italy)
Pierre Cochat, Lyon (France)
Rosanna Coppo (Torino, Italy)
Olivier Devuyst (Zurich, Switzerland)
Gianmarco Ghiggeri (Genova, Italy)
Kitty Jager (Amsterdam, The Netherlands)
Roberto Ravazzolo (Genova, Italy)
Franz Schaefer (Heidelberg, Germany)
Enrico Eugenio Verrina (Genova, Italy)

GENERAL INFORMATION

Registration

The course is open to 60 nephrologists, pediatricians, medical geneticists and biologists.

Applications will be accepted on a first come-first served basis.

Deadline for registration: March 15th, 2013.

Please, fill in the registration form to be downloaded from the course website and return it to the organizing secretariat.

Registration fees

The fee of euros 100,00 (50,00 for PhD students and post-docs and for IGG personnel) covers: access to scientific sessions, the welcome cocktail of March 22, 2 coffee breaks and attendance certificate.

The fee can be paid after receiving confirmation from the organizing secretariat.

Italian CME credits

The course "Nephrology registries and genetic renal diseases" has been accredited for Medical Doctors and Biologists (8 credits).

Discipline: Paediatrics, Nephrology, Medical Genetics.

Official language

English

Venue

Villa Quartara, Badia Benedettina della Castagna
Via Romana della Castagna 11 A, 16148 Genoa, Italy.

How to reach the venue

Plane: from the International Airport Cristoforo Colombo, shuttle bus n. 100 (runs every hour) takes you to Genova Brignole railway station, where you can take bus n. 17 to Via Romana della Castagna.

Train: get off at Genova Brignole railway station, take bus n. 17 and get off in Corso Europa, in front of Via Romana della Castagna.

Car: motorway exit Genova-Nervi, take Corso Europa westwards, take the overpass to change direction and drive eastwards, pass the Hotel AC and ESSO gas station on the right, after 50 mts. turn right into Via Romana della Castagna, go straight 80 mts., enter the gate and follow the dust lane up to the parking lot.

Accommodation

Please make your arrangement well in advance.

Special rates at the AC Marriot Hotel**** - Genova-Quarto +39-010-3071180 located at walking distance from the Badia as well as at the Hotel Iris *** - Genova-Quarto +39-010-3773914. Always mention the CISEF course.

WORKSHOP ON NEPHROLOGY REGISTRIES

Including the
CME COURSE:
**"NEPHROLOGY REGISTRIES
AND GENETIC RENAL DISEASES"**
dedicated to Rosanna Gusmano

Course Directors

G.M. Ghiggeri, E. Verrina

March 22-23, 2013

**Villa Quartara, Badia della Castagna
Genoa, Italy**

G. Gaslini Children's Hospital
Genoa

Faculty

Antonio Amoroso

Transplantation Regional Centre, Piemonte Region
"Città della Salute e della Scienza" Hospital, Torino, Italy

Corinne Antignac

Service de Génétique, Hôpital Necker-Enfants Malades, Paris, France

Giovanni Capasso

Chair of Nephrology, Department of Internal Medicine
II University of Naples, Naples, Italy

Pierre Cochat

Centre de référence des maladies rénales rares, Hospices Civils de Lyon and Université Claude-Bernard Lyon 1, Lyon, France

Rosanna Coppo

Nephrology Dialysis and Transplantation
Regina Margherita Children's Hospital, Torino, Italy

Olivier Devuyst

University of Zurich, Institute of Physiology
Zurich Center for Integrative Human Physiology
Zurich, Switzerland

Francesco Emma

Department of Pediatric Nephrology, Dialysis and Transplantation
Bambino Gesù Children's Hospital, Rome, Italy

Giulio Gabbiani

Department of Pathology and Immunology
University of Geneva, Geneva, Switzerland

Ali Gharavi

Division of Nephrology, Columbia University, New York, USA

Gianmarco Ghiggeri

Pediatric Nephrology, Dialysis and Transplantation Department
G. Gaslini Children's Hospital, Genoa, Italy

Jaap Groothoff

Department of Pediatric Nephrology, Academic Medical Center
Amsterdam, The Netherlands

Jerome Harambat

Department of Pediatrics, University of Bordeaux, Bordeaux, France

Kitty Jager

ERA-EDTA Registry, Department of Medical Informatics
Academic Medical Center, Amsterdam, The Netherlands

Martin Konrad

Department of General Pediatrics
University Hospital Muenster, Munster, Germany

Marina Noris

Department of Molecular Medicine
"Aldo e Cele Dacco" Clinical Research Centre for Rare Diseases
Bergamo, Italy

Luca Rampoldi

Dulbecco Telethon Institute
San Raffaele Scientific Institute, Milano, Italy

Simone Sanna Cherchi

Division of Nephrology, Columbia University, New York, USA

Gaia Scavia

Istituto Superiore di Sanità, Rome, Italy

Franz Schaefer

Division of Pediatric Nephrology
KfH Kidney Center for Children and Adolescents
University of Heidelberg, Heidelberg, Germany

Constantinos J. Stefanidis

Department of Pediatric Nephrology
"A. and P. Kyriakou" Children's Hospital, Athens, Greece

Enrico Eugenio Verrina

Pediatric Nephrology, Dialysis and Transplantation Department
G. Gaslini Children's Hospital, Genoa, Italy

PROGRAMME

Friday, March 22, 2013

11.00 Get-together and briefing

11.30-15.30 Parallel sessions: Operative Meetings

- ESPN/ERA-EDTA Registry Committee meeting (**Kitty Jager, Franz Schaefer**)
- Italian Registry of Paediatric Dialysis Scientific Board meeting (**Enrico Verrina**)
- Italian Registry of Haemolytic Uremic Syndrome Scientific Board meeting (**Gaia Scavia**)
- Italian Society for Paediatric Nephrology Council meeting (**Tommaso De Palo**)

CME Course: "Nephrology registries and genetic renal diseases"

11.30-15.30 Registration of participants

15.30-17.30

I Session

Organization of renal disease registries and networks

Coordinator: **E. Verrina**
Chairman: **P. Cochat**

- K. Jager** The experience and organization of the ERA-EDTA and ESPN/ERA-EDTA Registry – what to expect and what not to expect from a registry.
- F. Schaefer** The experience and the organization of the International Paediatric Peritoneal Dialysis Network.
- J. Groothoff** The extended registry: flaws and gains, experience from the RICH Q network.
- G. Scavia** The Italian haemolytic uremic syndrome registry.

17.30 Tea/cookies break

17.45-19.15

II Session

Renal patient registries and rare diseases

Coordinator: **Constantino J. Stefanidis**

Chairman: **R. Coppo**

- P. Cochat** Survival of children starting renal replacement therapy in the neonatal period.
- J. Harambat** Characteristics and outcomes of children with primary oxalosis requiring renal replacement therapy: an ESPN/ERA-EDTA Registry study.
- F. Emma** Improvement in prognosis of nephropathic cystinosis.

19.30

Welcome party

Saturday, March 23, 2013

8.15-10.15

III Session

Glomerular diseases

Coordinator: **G.M. Ghiggeri**

Chairman: **A. Amoroso**

- C. Antignac** News on podocyte inherited diseases.
- M. Noris** Cytoskeleton genes for nephrotic syndrome
- G. Gabbiani** Physiology and pathophysiology of cytoskeleton.

10.15

Invited lecture

A. Gharavi Genetics of IgA nephropathy.

11.00

Coffee break

11.30-13.30

IV Session

Renal dysplasia/Inherited tubulo-interstitial fibrosis

Coordinator: **O. Devuyst**

Chairman: **G. Capasso**

- S. Sanna Cherchi** Molecular advances in renal dysplasia
- L. Rampoldi** Mechanisms of uromodulin-associated kidney disorders.
- O. Devuyst** Insights into complex diseases: GWAS and uromodulin.
- M. Konrad** Infantile hypercalcemia and related disorders.

14.00

Closing Remark
Evaluation test for CME Italian credits and quality assessment questionnaire
Release of certificates of attendance.
